

Shamokin Area School District/Our Lady of Lourdes Regional School
Health Services Department

Pennsylvania School Health Law requires a complete dental examination of all children upon original entry to school, third grade, and seventh grade.

You are urged to have this required examination completed by your family dentist. They have any background information concerning your child's past experiences.

Please complete the following information and promptly return back to the school nurse.

Student's Name _____

Check the appropriate selection:

_____ I will have the dental examination given by my family dentist. Please send home a private dental form. If not returned, the school has permission to complete the exam in school.

_____ I prefer to have the dental examination in school for the school year 2023-2024.

The school nurse will be present for ALL examinations.

Each exam will be individualized as much as possible given the institutional settings.

Parents are invited to be present.

NO examination will be done by the school unless this consent form is returned.
