

Our Lady of Lourdes Regional School/Shamokin Area School
District Health Services Department

Pennsylvania School Health Law requires a complete physical examination of all children **upon original entry to school, sixth grade, and eleventh grades.**

You are urged to have this required examination completed by your family physician. They have any background information concerning your child's past experiences. They know your child's potential and any modifications in your child's activities.

Please complete the following information and promptly return back to the school nurse.

Student's Name _____

Check the appropriate selection:

_____ I will have the physical examination given by my family doctor. Please send home a private dental form. If not returned, the school has permission to complete the exam in school.

_____ I prefer to have the physical examination in school for the school year 2023-2024.

The school examination may encompass assessment of general appearance and assessment of neck, heart, lungs, abdomen, posture, and gait.

The school nurse will be present for ALL examinations.

Each exam will be individualized as much as possible given the institutional settings.

Parents are invited to be present.

NO examination will be done by the school unless this consent form is returned.
