

Greetings to all our wonderful Parents –

Thank you, as always, for entrusting your children and young adults to us here at Lourdes! We are blessed to be partners with you in the education of your precious “gifts from God!”

First, I want to clear up any confusion about our new Enrollment and Tuition programs. And offer my help if you have any questions – my contact information is below. And offer the expertise of our professional staff if you need help completing your registration and enrollment in Simple Tuition Solutions (STS). Or if you need help filing for financial aid in STS. We have experienced people here at Lourdes who are waiting to help you through the processes if you are stuck on something. You can even make an appointment to come to Lourdes and we will complete the processes with you – or for you if you have little or no computer experience.

Second, we realize that there is a lot more work registering this year because of all the medical, vaccination and sacrament forms that need to be uploaded. If you are struggling with that part of the process or any other part, please let us know and someone here at Lourdes will help you to upload the forms – or upload the forms for you. This is a one-time task, and once your student’s forms are uploaded this year in STS, the registration and enrollment process next year is much quicker and easier.

Third, there is no increase in tuition from last year if you’re applying for financial aid, or you’re willing and able to donate to Lourdes through the PA Tuition Tax Credit program. You can also do both if you are able and choose to. Our Advancement Dept. staff and I can walk you through either or both of those processes at a convenient time for you.

We need registration and enrollment completed for all our students in STS by next Wednesday, April 22, to complete our budgets, to schedule our teachers and classrooms and to purchase books and supplies for the new school year. We also need all financial aid applications completed to begin awarding our financial aid so you and other Lourdes parents know your actual tuition cost for the 24-25 school year.

We need your help getting your students enrolled and set up with an affordable tuition program for next school year. Please take some time this next week to complete the forms so we can plan for another great year of education and spiritual growth for your students!

May God’s choicest blessings be with you and your family! – Tom
